

Community Participation UPDATE

August 2015

Turning
Point

FOOD GLORIOUS FOOD!!

The Men's Breakfast Club look forward to their Tuesdays at John's Bakery—they get spoiled rotten by the Manager there. Ken, Scotty and Graeme appear very happy with themselves!

Likewise, the Lady Lunchers are out in the community too, every Thursday they have lunch at Heretaunga Women's Centre.

Trudy, Sariah and May took the opportunity to play with the left over snow in the square—very rare for Hastings in the middle of town!!

We don't see Dion around much as he's quite independent.

He enjoys the Gym and has been very motivated and has been pushing himself and adding to his fitness plan.

He's pictured here on the left with his Co-ordinator Karen Lane studying up on the road code.

Turning Point

Beth and Crystal are on the move to the groove in the dance and movement module...

Meanwhile Peter dances with Fantastic 4 Superhero **The Invisible Woman**... Nice moves guys!

I think I can, I think I can, I think I can... I know I can, I know I can, I know I can!

Escaping from Kelle...

Come on, Let's go! I've got the keys!!

Nice to meet you!!!

Some new people at DRC — Simi, Johnathan and Hamish. All smiles — and why not? They are at DRC after all...!!

Art for Art's sake

The art teacher is very pleased with everyone's focus in the art classes.

Karen is so pleased with Potiki's progress. He's bought his own car and working hard to get his restricted licence. There may be an opportunity in his job for a van driver due to a colleague retiring soon so he is very focused.

Kiel is preparing for his radio show with a bit of study .

Planning for the Future

Kenneth is very proud of the outcome of his planning meeting.

He didn't want too many pictures on his plan, but **BOY**, did he want colour! (as you can see)

Rion practically begged me to get this photo (right) into the newsletter... he's become quite camera happy lately.... He's also been snapped by the HB Today with Jane & Graeme for the bus trip.

Trudy had an order to fill of 10 of her poetry books. It was requested that she autograph these also... so here she is — and here we are documenting a moment in history!
